

«A Job with perspectives»

The Swiss Telsonic Group has been offering its industrial ultrasonic solutions through representation in Europe, America and Asia since 1966. Constant innovations help to ensure that, in many applications, Telsonic has established a lead over competitors that offers added value to customers. With over 250 highly qualified staff, the owner-managed company specializes in plastic and metal welding as well as ultrasonic cleaning and screening. All over the world, customers in fields such as automotive, packaging and medical technology value the company's comprehensive services and broad range of ultrasonic components for system construction as well as its complete welding systems.
