Subject: Covid-19 Pandemic Updates regarding Telsonic

To Whom It May Concern,

Telsonic Ultrasonics Inc (Telsonic) is closely monitoring the Covid-19 Pandemic developments as the Governor of Michigan has issued a stay at home order for the state of Michigan through April 13, 2020. At Telsonic, our biggest priority is ensuring the safety of our employees, families, customers, suppliers, and the public.

Telsonic is considered a supplier for critical infrastructure and Government operations by manufacturing ultrasonic content for welding of healthcare masks, ventilators, military operations, and other medical applications. We will remain open with a limited staff and are also assisting with sales, engineering, and technical questions remotely. Please be advised, that for the safety of our staff we will be limiting customer part runs, welding trials, and in person meetings during this time and ask that visitors stay home and set up appointments remotely.

Please be aware there may be some shipment delays associated with non-essential product. We will stay in contact with updates or delays as they occur. Please contact us at 586-802-0033 or your applicable sales representative with any questions or concerns.

Best Regards,

Joehen Bacher

President
